EXPERIENCE BOARDING SCHOOL LIFE IN A FAIRYTALE CASTLE

The exclusive International Summer Camp Schloss Neubeuern offers a small group of 32 girls and boys between 12 and 14 years of age the unique opportunity to immerse themselves in boarding school life.
They experience an exciting daily routine of individual lessons, intensive project work and a varied leisure program, guaranteeing variety and personal growth! Against the magically beautiful backdrop of a fairytale castle in the foothills of the Alps, your children can find out what boarding school life is all about. They are sure to be delighted by the close contact with their peers, the international community, and the positive dynamics that result. Accommodated in wonderful double rooms and supervised by dedicated staff and former students of Schloss Neubeuern, they will have a unique experience they will never forget.

LESSONS IN THE MORNING

In small groups of max. eight students, four hours of instruction take place every morning, in which individual support and challenges are provided. The lessons are strongly media-supported, project- and product-oriented. The students receive an iPad configured for their needs for school work and thus experience what teaching in the 21st century can look like. International participants will be divided into two level groups in DaF classes.
Life at the International Summer Camp is intended to be as accurate a mirror as possible of life at Schloss Neubeuern boarding school. Therefore, the participants also wear Schloss Neubeuern's school uniform and live for two weeks according to the rules of the school and boarding school.

AFTERNOON PROJECTS

- For the afternoon program, camp participants can choose from a challenging and intensive project program. Since this is also intended to be product-oriented, the choice of project applies to both weeks (eight spots are available in each project). The choices are:

- Robotics, coding and more: The School of the Future
- Fashion and You - The Fashion Design Project
- ACT! The Theater Project
- Show me Your Food: The cooking tutorial project.
- Hole-in-One: Golfing up to course maturity.

On Wednesdays, there is always a joint excursion to the surrounding area: this can be an exciting factory tour of the Dengel confectionery, a visit to the Bavaria film studios or a historical tour of the Mozart city of Salzburg.

ADVENTURE AND SPORTS IN THE EVENING

In the evening, the main focus is on fellowship. Whether it's a refreshing swim at Lake Neubeuern with standup paddling or an evening of go-karting, laser tag and camel riding - this is where you get to know and love the benefits of boarding school life. This also means overcoming limits and growing from them - so rappelling down from our 28-meter castle tower becomes an absolute highlight of the camp. Adrenaline and excitement are pre-programmed here!

WEEKEND COMMUNITY

The Weekend
In normal boarding school life, the boarding school weekend offers time for joint activities and intensive experiences in the community. Therefore, there is also a big common excursion on the middle weekend of the Summer Camp. This begins after brunch on Saturday morning with an exciting rafting tour in the Tyrolean Achen. Afterwards we will get to know the Chiemgau Alps better and hike up to the Heuberg, to the castle's own hunting lodge. Besides some relaxation with a delicious BBQ, there is the possibility to do archery, play darts and explore these beautiful surroundings.

FEEDBACK CULTURE

The Summer Camp Show
On the last Saturday afternoon, the Camp Show will take place, where the participants can show their parents (and the adults) what they have learned and experienced. The whole program is planned product-oriented and there will be a lot to see (and hear).
a lot to see (and hear) – not only from the theater and fashion design project. If desired, parents can take their children home after the camp show, otherwise they will leave after brunch on Sunday.

Cost for two weeks Summer Camp: EUR 2.850,- all inclusive.
Pick up from Munich airport or Rosenheim train station included.
